

LISA STERNOFF FELDMAN

Seattle, WA • lisa@lisafeldman.com • 206.612.0239

PROFESSIONAL SUMMARY

Senior discovery consulting and legal operations professional with 15 years of experience supporting corporate legal teams and outside counsel in eDiscovery, internal investigations, data privacy, and complex litigation. Experienced across the discovery lifecycle, including preservation, collection, processing, review workflows, analytics, and production, with deep knowledge of Relativity.

PROFESSIONAL EXPERIENCE

CONSILIO | Seattle, WA (12/2021 - 5/2026)

Manager, Discovery Consulting

- Provide law department management and discovery consulting support to a Fortune Global 500 pharmaceutical client.
- Coordinate across corporate entities to support defensible identification, preservation, collection, processing, and timely production of key documents in litigation.
- Partner with global data privacy leadership to implement frameworks supporting compliance with applicable data protection laws throughout collection and production workflows.

CONSILIO | Seattle, WA (7/2019 - 12/2021)

Project Manager

- Managed discovery matters from initiation through production and served as a primary client point of contact.
- Advised clients on data collections, processing, review workflows, analytics, and production and export deliverables.
- Developed custom workflows to improve review efficiency and protect personally identifiable information.
- Leveraged Relativity, Nuix, and Brainspace to support complex discovery matters.

EPIQ | Seattle, WA (8/2017 - 6/2019)

Project Manager

- Served as primary liaison with clients and outside counsel throughout the lifecycle of discovery matters.
- Managed risk, shifting priorities, and client expectations in a fast-paced, deadline-driven environment.

PERKINS COIE | Seattle, WA (10/2011 - 4/2017)

Discovery Attorney

- Supported internal and government investigations requiring compliance with SOX, HIPAA, and related federal and regulatory frameworks.
- Analyzed documents for relevance and privilege in commercial litigation involving patent and trade dress infringement, antitrust, trade secrets, and employment disputes.
- Resolved fact-specific questions and provided summaries and legal analysis using complex searches and data analytics in Relativity.
- Conducted document review, redactions, quality control, privilege logging, and targeted searches across large databases in preparation for depositions and trial.

PROFESSIONAL LEADERSHIP
